

Late Night Jazz: (Now's) the Time! 28. November 2020 22:06-24:00 Uhr

Charlie Parker setzt das Thema für den Abend: erstaunlich oft haben Songschreiber die Zeit in ihren Titeln erwähnt. Und wenn Parker den Augenblick als bestimmenden Faktor in seiner Musik nennt, dann nicht ohne Grund. Jazz entsteht bestenfalls völlig aus dem Moment heraus. Doch auch die grossen Gefühle der populären Songs verändern das Zeitempfinden, seien es «Stolen Moments», «Time on My Hands» oder gar «This Is Always».
